He communicated their concerns to the Town Board. The Town Trustees will have the situation evaluated. **Holly Housing Authority Representative John Golden** was present to discuss a possible emergency back-up plan which would include the Town employees. The HHA would like to pursue an agreement with the Town where the employees would be included as an option of availability if an emergency arises such as a water line break at an apartment. Their service would consist of immediate work such as shutting off utilities to the individual apartment. This would allow a temporary fix until the HHA maintenance worker could arrive to deal with the situation. In general terms the board currently was opposed to pursuing any arrangement. No vote was taken. **Reports. Police Commissioner Report.** Report available for board review. **Crew Report.** Electric service repaired at Danny Venegas's residence.
