Public Appearances. Cathy Garcia, Regional Director for U.S. Senator, Cory Gardner, informed the Board of Trustees of newest actions taking place in legislation; noting Gardner supports and introduced legislation to promote economic development in rural areas by passing tax incentives for companies to invest business in small communities.

CIRSA Required Elected Official Training. The Board of Trustees viewed the training video directed toward elected governmental officials; *In the Scope of Your Authority; Preventing Public Officials' Liability*, produced by Colorado Intergovernmental Risk Sharing Agency (CIRSA).

Reports. Police Commissioner Report. Report was available for review. **Crew Report.** Replaced transformer to Gateway Downs indoor arena, repaired burned wire at 8th Street and Colorado Avenue. Changed bulbs to cemetery lighting, and repaired lights for the ball field. Lamar Light and Power assisted with hanging regulators for the GP Farms line extension. Installed a gate at the airport entrance and kilfered the tarmac. Applied weed and feed to the parks, installed electric hand dryers at the ball park restrooms, and began filling the pool. Loader was serviced and the new State landfill inspector for our area toured the landfill to gain understanding regarding operation. Repaired 7th Street water main break hole, with road base. Repaired water leak at Barbara Rushton's meter pit, and replaced water valves at Latter Day Saints Church and the museum. Flushed sewer at Highway 89 South. L&N Well Services of Johnson, Kansas performed side view camera of the south well, no actual damage was found only rub markings. Water sample from north well was sent off to accurately determine which treatment measures to peruse in effort to remedy the red color. **Administrator Report.** L'Estrange informed the Trustees of results from the second camera done by L&N Well Service, the well professional favored placing the pump at a higher depth when ready for installation, and suggested replacing the fiberglass pipe. Interest has stirred among other entities to propose similar agreements such as the Electric Operations and Maintenance Agreement proposed by Southeast Colorado Power. Once other proposals are received a workshop will be scheduled to review options.

L'Estrange presented a project option to apply for a REDI grant, stating another series of REDI grants opened for funding infrastructure growth to advance economic development. A sewer lift station and holding tank project on the Town of Holly open lot east of town, could be presented for grant funding; the sewer lift would enhance the lot allowing it to be more adequate for any commercial development in the future. L'Estrange explained an engineering study of the project is required, prior to grant funding, at the Town of Holly's expense. Due to unknown engineering cost and limited timeline, the project proposal was declined. **Clerk/Treasurer Report.** Financials were provided in the board packet. A financial summary was reviewed with the Board. **Library Report.** None. Trustee Lyons motioned to approve all reports as given and Trustee Jones seconded. Motion carried 6-0. In respect to the Administrators Report of south well progress, Larry Sitts motioned to rehabilitate the south well by repairing the check valve, hiring A&L Well Service, to install the pump and proceed with pumping the south well. Trustee Jones seconded. Motion carried 6-0.
