

Energy Outreach Colorado

UTILITY ASSISTANCE APPLICATION

The Town of Holly is partnering with Energy Outreach Colorado to assist utility customers that need help paying their energy bills throughout the year. This new program is connected with Colorado's Low-Income Energy Assistance Program, which was passed into law by the Colorado legislature and signed by Governor Bill Owens in 2005. Energy Outreach Colorado, an independent organization founded in 1989 to raise funds for energy assistance, provides year-round funding to help income-limited seniors, families and individuals with special needs pay their energy bills.

If you need assistance paying your energy bill, please fill out this application and return it to Energy Outreach Colorado along with a copy of your last utility bill. (mailing address on reverse)

Assistance payments are made directly to the energy company – not the applicant – and are available to each applicant only once per year.

We also encourage people to apply for the LEAP program which is open November 1 – April 30. The Prowers County LEAP office is located at 1001 S Main St in Lamar and their number is 719-336-7486.
