Notices and Communications. None.

Public Appearances. Craig Somers approached the Board regarding the Ireland Dean Design for the Holly Shop/Fire Dept/Complex. Professional services would include to design a new roof structure, new sheeting, insulation, ADA compliant restrooms, and estimate of tear down to the foundation, providing all options available. The company's current projects include Las Animas Fire Dept and RESADA-Rehab Center.

Reports. Police Commissioner Report. Report was not available and will be emailed to the Board upon receipt from the Sheriff Dept. **Crew Report.** Ronald Jara read the crew report: Ronald attended Mesa Hotline School for one week, assisted Lamar Light and Power with hanging and wiring transformers, removed broken utility pole at Monica Tamayo's, disconnected service from transformer at Monica Tamayo's, repaired broken emergency lights at Light Plant, assisted Lamar Light and Power with setting metal bracing on broken pole at Connie Hess's, replaced service grip at Connie Hess's, disconnected service from transformer at Mark Bagley's, re-connected street light between 1st and 2nd Street, assisted Lamar Light and Power with replacing cut-out behind Candy Chapparo's, power outage – rode lines – issue at Lamar east reclosure, re-connected power to Amity and Bridge food pantry, replaced broken neutral and re-connected broken wires to street lights along Hwy 50, trouble shot electrical panel and labeled breakers at Swimming Pool, replaced receptacles and weather proof covers at Swimming Pool, dug holes for new parking lot lights at John Deere for Grett Electric, replaced fuse at Frey's barn, Larry conducted weekly street sweeping, adjusted pressure settings at

East Well, conducted locates for Atmos/Grogan/Fehr, changed chlorine bottle at South Well, installed water pit riser for Marty Tefertiller, checked all valves on Highland and North Main Street, replaced water meter at Casey Rushton's, tested pressure and gallons per minute on Highland due to low pressure, conducted monthly water samples with Rick, installed water meter setter for Marty Murray, drilled holes in meter lids and installed sensors on Duncan Street, replaced water meter sensor at Norma Lowe's, replaced broken chlorine injector at Pool, changed chlorine bottle at Pool, removed, repaired and repainted mushroom from baby pool, installed new water heater at Pool concession stand, vacuumed pool walls and floor, finished replacing seats in all work pickups, mowed parks, baseball field and ditches, sprayed weed killer at baseball field playground, picked up vac truck from Pueblo, weed eating was conducted, reviewed CIRSA 2021 inspection and made corrections to documented discrepancies, repaired broken sprinklers at north park and baseball field, delivered monthly disconnect door hangers.

Administrator Report. Administrator Tanner reported while bringing the Vac truck back from repairs at Wagner of Pueblo the left front tire blew east of Granada, causing severe damage to the hood and fuse panel. Insurance claim will be approximately \$7,900, the Town will need to purchase the two front tires at \$1,570. Pictures of deep tire tracks show road damages on South 10th Street; after large amounts of rain, a semi-truck drove over an area where Atmos repaired gas lines which are located next to the Town's water lines. The weight of the truck could cause damage to the water line underground. Tanner has actively been researching airport regulations with the FAA regarding any restriction of combining a parking area for semi-trucks in a staging area west of the air-strip and north of the hangers. Tanner attended a webinar Monday, May 23rd regarding the Water Infrastructure grants/loans for municipalities. The grant rate is 49% to 51% loan. An engineer study will need to be done regarding sewer infrastructure to be eligible for submission to the wastewater program. Looking at the possibility of submitting the Town's Drinking water project to the Water Infrastructure program in addition to USDA program. Spoke to Plains Disposal regarding any increase for fuel prices in the format of a fuel surcharge rather than per tote or dumpster. It was determined that \$597.50 per month would suffice for a monthly fuel surcharge. The Town's garbage and landfill departments have the capacity to absorb the added charges for six (6) months with approval from the Board. Atmos street damages were discussed. Due to the shortage of employees, Trustee Swisher recommended outsourcing road repair team via Atmos to have the patching completed and afforded by Atmos. The consensus of the board was to allow Atmos to complete the repairs. **Clerk/Treasurer's Report.** April's financials were presented, and the customer refund list for payments received from the infrastructure fee initiated under Ordinance No. 546 was provided for review. **Library Report.** April's count of patron visits and checked out material was available. Trustee Swisher motioned to approve all reports as given. Trustee Melcher seconded. Motion carried 5-0.
